FEDERAL TAX CREDIT AVAILABLE TO HOMEOWNERS PURCHASING OUR PRODUCT

Congratulations on your purchase of the Paxo Wood Boiler Biomass Stove! At Eco-Orlan USA LLC, we are dedicated to providing value to our customers and would like to assist you in taking advantage of the **Federal Income Tax Credit** you are eligible for once you've purchased our product. Here is an overview of the available Energy Program and a summarization of the program details:

The United States Government offers a **Residential Energy Efficiency Federal Income Tax Credit** (under the authority of H.R. 1424: Div. B, Sec. 302 The Energy Improvement and Extension Act of 2008) to homeowners (of existing homes only, not new construction)

making energy efficiency upgrades to their primary home. This tax credit is only available for purchases made in 2009 and 2010. The tax credit may be extended beyond 2010; go to <http://www.dsireusa.org> library for more information.

The details include:

- Expires December 31, 2010
- Efficiency improvements or equipment must serve a dwelling in the United States that is owned and used by the taxpayer as a primary residence.
- You are eligible for a tax credit worth 30% of the system cost, *including* labor costs for assembly and installation, up to a maximum of **\$1500**.
- Expires December 31, 2010.

How to apply for this tax credit:

- With your annual federal tax return, include completed IRS Form 5695.
- For reference we have provided a copy of the current Form 5696 with this brochure.

Additionally, you can view it at <http://www.irs.gov/pub/irspdf/f5695.pdf>

Thank you very much for purchasing our product. We have made every effort to describe these tax incentives accurately. However, we cannot provide tax advice and suggest you contact a tax professional on how to calculate this federal tax credit specific to your situation.
